Structure, governance and management

Governing document

The Church is administered in accordance with the terms of the Deed of Constitution (Unitary Form).

Recruitment and appointment of trustees

Members of the Kirk Session are the Charity Trustees. The Kirk Session members are the elders of the Church and are chosen from those members of the Church who are considered to have appropriate gifts and skills. The Minister, who is a member of the Kirk Session, is elected by the congregation and is inducted by Presbytery.

During 2010 there were no appointments or resignations of trustees although the number of trustees reduced by one following the death of Dawn Smith on 20 October 2010. Gordon Gray, appointed Treasurer on 4 June 2009, is not a trustee.

Organisational structure

As a congregation with the Deed of Constitution (Unitary Form) the Kirk Session, as well as being responsible for the spiritual affairs within the Church, also has responsibility for its property and financial affairs. The Kirk Session which meets six times a year, has appointed a property and finance team that reports directly to the Kirk Session. The former Kirk Session co-ordinating team which previously met monthly was disbanded during the year as it was agreed that its effectiveness in the organisational structure had diminished.

Objectives and activities

The Church of Scotland is Trinitarian in doctrine, Reformed in tradition and Presbyterian in polity. It exists to glorify God and to work for the advancement of Christ's Kingdom throughout the world. As a national church, it acknowledges a distinctive call and duty to bring the ordinances of religion to the people in every parish in Scotland through a territorial ministry. It co-operates with other churches in various ecumenical bodies in Scotland and beyond.

Broughton St. Mary's provides regular Sunday worship at 10.30am every week, and an alternative way of worshipping using a Labyrinth at times when necessary or desired by the congregation, parish or presbytery. A Sunday Club for children of all ages meets every Sunday morning during the latter part of worship and a creche is also available for babies and young children.

The congregation holds various events through the year to engage the wider community of the parish in the work of the Church including coffee mornings and Christmas and spring fairs. The Church has also hosted services for its local primary school for the past five years. The Church has also hosted a Christmas service for adults with learning difficulties under the care of the City of Edinburgh Council. These services allow us to connect with more local people and show how serious we are in our efforts to accept, care for and include the many different communities that exist within our parish.

Social events are also held for the congregation to welcome new worshippers and create a sense of community within the Church itself. These include celebration lunches or meals, garden parties, Christmas parties and congregational outings. The Sunday Club also hold an annual outing for all the children and their families.

In addition to the activities the Church organises to assist in reaching its aims and objectives, there are other bodies who use our premises and hold activities which benefit and enrich the life and profile

of the Church. These include the Wednesday Club (a group of carpet bowlers and scrabble players), the Scottish Country Dance Club, the Art Club, the Brownie Guides, the Rainbow Guides and the Medau Society. The Beavers, Cubs and Scouts of the 11th Leith Group are affiliated to the Church and on occasion hold meetings in our premises.

During the past year

The following charitable bodies have also used the church's premises during the year; Waverley Care, The Edinburgh International Festival Society, The Phoenix Wind Band, Colinton Parish Church, The Scottish Chamber Orchestra and Scotland Yard Adventure Centre. Various individuals from the community have used the premises to hold family celebrations. A major user of the premises is the City of Edinburgh Council (Bellevue Project) which caters for adults from the local area with learning difficulties.

Broughton St Mary's is a founding member of the Broughton Jazz Festival and the church and rooms were used as a venue for the inaugural festival weekend in September. Performers from the local community took part. A free concert by the touring "Jazz Vehicle" was also held later in the year.

Special occasions also bring other events to the annual life cycle of Broughton St Mary's. We offer worship every evening during Holy Week and on Easter Sunday morning we have two services, the first in the garden and the second a family celebration of Holy Communion, with breakfast in between. Christmas also offers different worship opportunities at 6.30pm and 11.30pm on Christmas Eve. There is a 10.30am family service on Christmas Day during which the sacrament of Holy Communion is celebrated. The Central Branch of the Royal British Legion and pupils from Drummond Community High School participated in our annual Remembrance Day service in November.

Other groups that exist to assist us in our aims to allow people to grow in their faith together are our Good Book Club, our 'Us Young Things' group which meets to share fellowship and faith over meals and our Learning and Growth discussion groups which cover various themes and also run throughout the period of Lent.

Achievements and performance

This past year has seen continuing growth in our groups and projects and at the start of the year the rooms and facilities developed by the first phase of work on the lower ground floor of our building became available for use.

Our Book Club and Lent Groups (which ran twice a week throughout Lent instead of once and attracted a record number of participants) met in the new rooms.

The number of people associated with our congregation continues to rise as our Roll of Adherents has increased again. This is also shown in new and more worshippers on Sunday mornings. This year we held our second Homecoming Service on Mothering Sunday when we invited children from our cradle roll and regular worshippers also brought along friends and neighbours to celebrate the occasion with us. Our Christmas worship once again attracted substantial numbers to the Church at 6.30pm, 11.30pm on Christmas Eve and 10.30am on Christmas Day.

The Sunday Club continues to benefit from having a greater number of children in attendance and a rota of Sunday Club leaders who participate fully in our children's ministry but also are enabled to attend worship regularly.

The congregation, is encouraged by the new opportunities for service to the community and development of congregational life that the redevelopment of the lower ground floor has provided and continues to look forward to all that can be accomplished in the future with a building ready to serve the purposes of the Church.

Financial review

Unrestricted funds

The letting of our newly refurbished rooms has proven to be a welcome source of revenue and has allowed us to report a surplus in the General Fund this year. In addition, a further £4,000 of rental income has been accounted for in the Refurbishment Appeal Fund (and will be used reduce our loan balance). The position of the General Fund is summarised in the table below. Congregational giving has risen by 9% (more than reversing the fall in the previous year).

General Fund income and expenses	2010	Increase / decrease	2009
Congregational giving (including Gift Aid)	50,743	9%	46,744
Endowment and investment income	5,358	-15%	6,316
Vodafone rental income	9,794	4%	9,400
Other income from use of premises	6,564	341%	1,490
Coffee mornings, fairs etc.	5,996	-5%	6,335
Other income	1,860	1331%	130
	<u>80,315</u>	14%	<u>70,415</u>
Expenses	<u>(79,811)</u>	11%	<u>(71,959)</u>
Surplus / (deficit) before revaluation gains	<u>504</u>		<u>(1,544)</u>

The other unrestricted funds are the Fabric Fund and the Legacy Fund. The expenditure in the Fabric Fund amounted to £475. This was exceeded by investment and other income accruing to that fund leaving a surplus for the year of £3,215 (2009: £208).

The Legacy Fund received a legacy of £300 during the year (2009: £nil). Interest income of £118 was the only other transaction in the Legacy Fund giving a surplus of £418 for the year (2009: £352).

Refurbishment appeal

Building work for the first phase of our refurbishment programme was completed in December 2009 and the new rooms were opened on 17 January 2010.

At the commencement of building work, this project was estimated at £1,678,000 (including £1,221,000 payable to the main contractor). To date, £1,569,000 has been spent (including £1,135,000 payable to the main contractor). Further payments of £18,000 to the contractor and an estimated £6,000 in respect of fees are expected to be made in 2011. The only other significant further expenditure is expected to be interest on the outstanding loan balances.

The Trustees are grateful for all grants and donations towards the refurbishment appeal. Approximately £104,000 was received in 2010. This total includes the following amounts:

Historic Scotland	£50,250
Congregational giving (including Gift Aid)	£32,019
Baird Trust	£10,000
Ferguson Bequest	£5,000
Heritage Lottery Fund	£2,900
Scottish Communities Foundation	£2,500

Income which is received by way of grant continues to be transferred to the Church of Scotland General Trustees upon receipt and donations from the congregation and other sources is generally transferred to the General Trustees in the month following the month of receipt. For information purposes, a full statement accounting for all transactions, combining those incurred by the

congregation and the General Trustees, which relate to the refurbishment project since the launch of the refurbishment appeal is given in Appendix 3.

Some of the income from letting premises has been accounted for in the Refurbishment Appeal Fund. This amounts to £4,000 (2009: £nil). This reflects the fact that a significant proportion of such income has been generated from the asset created by the Refurbishment Appeal Fund through its expenditure on the refurbishment works. Income accounted for in this way will be fully utilised in repaying our loan to the General Trustees.

Expenditure for the year, at £51,400, was less than receipts, meaning that, the cumulative shortfall of income to expenditure has fallen to £66,500 (2009: £125,700).

This shortfall has been temporarily met by loans from the General Trustees and from the unrestricted funds. The loan from the General Trustees is repayable over five years and is included as a liability on the balance sheet. At the end of 2010, the balance outstanding (excluding interest) was £57,350 (2009: £130,000). During 2010, the Trustees decided that £33,000 of unrestricted deposits held in other funds would be temporarily made available to the Appeal Fund in order to reduce the loan balance (and thereby our interest expense). This has been accounted for as a loan between funds.

The aggregate of these loans is £90,350. This is sufficient to cover both the current shortfall of £66,500 and also most of the further £26,000 of expenditure mentioned above which is anticipated in early 2011.

A sum of £293 was transferred to the General Fund and the other unrestricted funds from the Refurbishment Appeal Fund. This sum represents notional interest on the loans made to the Refurbishment Appeal Fund. The interest rate is 0.25% above the interest rate of the COSIT Deposit Fund.

The Church building itself is vested in the General Trustees of the Church of Scotland and does not appear on our balance sheet.

Other restricted funds

The Music Fund was established in the year. Donations to that fund (before Gift Aid) in the year were £4,018 and this sum paid for a grand piano for use in the sanctuary. The remaining balance will be used to support other purposes related to music.

The Minute for Mission Fund was established in October 2009 and continues to be held to help support the further education of a former pupil of Cannonmills School in the parish.

The Trustees were pleased to support for the work of our Mission Partners, Roy and Jane Dodman, in Jamaica until the end of 2009 (by which time they were nearing retirement). The remittance of the balance in the Mission Partners Fund in early 2010, amounting to £803, is expected to be our final contribution.

Transactions for these, and the other restricted funds, are summarised at note 15 of the accounts.

Investments and endowment funds

This year, the amount of investment income which was transferred from Endowment Funds into the various restricted and unrestricted funds was £5,224 (2009: £5,234).

Additionally, investment gains of £9,879 (2009: £7,154) have been recognised in the General and Endowment Funds, these gains in the last two years partly reverse the losses of £34,069 suffered in 2008. Our main investment continues to be the Growth Fund of the Church of Scotland Investors Trust the unit price of which has risen from £3.41 to £3.69 over the year (but remains significantly lower than the 31 December 2007 figure of £4.20).

Trustees Annual Report (continued)
Year ended 31 December 2010

Reserves policy

The unrestricted reserves at the end of the financial year amount to £368,708 (2009: £362,543) of which £300,000 represents the value of our properties and £20,184 (2009: £16,969) has been designated for the Fabric Fund.

It would be the normal practice of the Trustees to hold unrestricted reserves of approximately four months expenditure including designated funds. However, with the extensive refurbishment work on the Church not yet fully funded, the trustees deem it to be prudent to hold a larger figure as it is likely that our financial position will remain under strain while we repay the loan from the General Trustees. Planning to make best use of our new rooms is underway and it is possible that some of the initiatives identified will require funds to be expended. Once stable levels of recurring income have been established and the maintenance and running cost of our new facility are known with greater certainty, the reserves policy shall be kept under review. Additionally, other facts provide financial uncertainty such as uncertainty over how long the Church's exemption from water and sewage charges will continue and the current rental agreement with Vodafone is due to expire in 2017.

Excluding the Refurbishment Fund (which is in deficit), the Church held £13,100 (2009: £9,006) of restricted funds which have been provided for the purposes specified in note 15. The increase since last year mainly represents the value of a piano acquired for use in Sunday worship.

The endowment revenue reserve of £16,914 (2009: £10,875) arises from the gain on the revaluation to market value of the investments in which the endowment capital funds, which cannot be spent, are held.

Statement of trustees' responsibilities

Charity law requires the trustees to prepare financial statements for each financial year which show a true and fair value of the state of affairs of the charity and its financial activities for the period. In preparing these financial statements the Trustees are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards of recommended practice have been followed, subject to any departures disclosed and explained in the financial statements; and
- prepare financial statements on a going concern basis unless it is inappropriate to presume that the charity will continue in existence.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Accounts (Scotland) Regulations 2006. They are also responsible for the prevention and detection of fraud and other irregularities.

Approved by the Trustees and signed on their behalf.

Accounting policies

The principal accounting policies, which have been applied consistently in the current and preceding year in dealing with items which are considered material to the accounts are set out below.

The charity has adopted the requirements of the Statement of Recommended Practice Accounting and Reporting by Charities (issued February 2005).

Basis of preparation

The accounts have been prepared in accordance with applicable accounting standards and under the historical cost convention, modified to reflect the inclusion of investments and heritable property at market value, and in accordance with the Charities Accounts (Scotland) Regulations 2006, the Regulations anent Congregational Finance approved by the General Assembly of the Church of Scotland in 2007 and by the Statement of Recommended Practice Accounting and Reporting by Charities (2005).

Funds

Funds are classified as either restricted funds or unrestricted funds, defined as follows.

Restricted funds are funds held subject to specific requirements as to their use which may be declared by the donor or with their authority or created through legal processes, but still within the wider objects of the charity.

Endowment funds are funds which have been given on the condition that the whole of the fund is permanently maintained for the benefit of the charity as a capital fund, but the income therefrom is used for the purpose defined in accordance with the objects of the charity.

Unrestricted funds are expendable at the discretion of the trustees in furtherance of the objects of the charity. If parts of the unrestricted funds are earmarked at the discretion of the trustees for a particular purpose, they are designated as a separate fund. This designation has an administrative purpose only and does not legally restrict the trustees' discretion to apply the fund.

Incoming resources

All donations and gifts, other than special collections for other bodies with no connection to the charity, are included within incoming resources under either restricted or unrestricted funds according to the terms under which the donation is made when the amount can be quantified with reasonable certainty. Material donations and gifts in kind are brought into these accounts at market value to the charity.

Resources expended

Expenditure is recognised on an accruals basis as the liability is incurred.

Accounting policies (continued)

Tangible fixed assets

The charity has a right to occupy and use for its charitable objects certain tangible fixed assets, including the Church, vested in the Church of Scotland General Trustees. No consideration is payable for the use of these assets.

The heritable fixed assets comprise:

Vested in the Church of Scotland General Trustees

Church: 12 Bellevue Crescent, Edinburgh EH3 6NE

Owned by the charity

Manse: 103 East Claremont Street, Edinburgh EH7 4JA

Lock up Garage: 5c Inverleith Place, Edinburgh EH3 5QJ

The manse and lock up garage are stated at market valuations placed on them by the trustees. Expenditure incurred on repair and maintenance of the heritable fixed assets is charged as resources expended in the statement of financial activities in the period in which the liability arises. Normal expenditure is charged to the General Fund while extraordinary repairs and improvement of fabric, fittings and equipment is met from the designated Fabric Fund.

All tangible fixed assets having a value to the charity of greater than one year, other than those acquired for specific purposes, are capitalised. Depreciation is provided on a straight-line basis to write off the cost or initial value, less residual value, over their estimated useful lives.

Fixtures, fittings and office equipment	10 years
Musical instruments	20 years

No depreciation has been charged against heritable property as the trustees consider that any depreciation would not be material as the asset has a very long useful life.

Investments

Fixed asset investments are stated at market value at the balance sheet date. Unrealised gains and losses represent the difference between the market value at the beginning and end of the financial year. Realised gains and losses represent the difference between the proceeds on the disposal and the market value at the start of the year or cost if purchased in the year.

Taxation

Broughton St. Mary's Parish Church is recognised as a charity for the purposes of applicable taxation legislation and is not therefore subject to taxation on its charitable activities.

The charity is not registered for VAT and resources expended therefore include irrecoverable input VAT.

Short term deposits

Where revenue funds are available to be placed on short term deposit the Church of Scotland Investors Trust Deposit Fund is used.
